## College of Health Sciences School of Allied Health Kinesiology Program

### Course Description

Lifetime Physical Activities prepares teacher candidates to integrate lifetime physical activities into physical education curriculum to develop physically active lifestyles in students. Teacher candidates will develop, implement and analyze learning experiences focused on the development of health-related physical fitness and active lifestyles. Competency in teaching skills/tasks (TExES) and lifetime physical activities as presented in TEKS will be assessed.

### Course Objectives

At the end of the course the student will:

#### **Foundational Knowledge:**

1. understand the concepts and principles of the Cooperative Learning Model.
  2. identify and describe Texas Examinations of Educator Standards (TExES) Domain I competencies 002, 003 & 004 and Domain II competency 007 necessary for developing and implementing effective learning experiences and maintaining a productive learning environment for teaching lifetime physical activities.
  3. know the knowledge, skills, and attitudes presented in the Physical Education Texas Essential Knowledge and Skills (TEKS §116.51, §116.53).

### **.Scholastic Honesty and Discipline**

Students are encouraged to study together and to share their knowledge freely during the learning process. However, during exams no assistance from other students will be allowed. Materials such as books and notes may not be used unless otherwise indicated by the instructor. Students should handle their answer sheets discreetly by keeping them out of easy view of others. "Scholastic dishonesty-which includes the attempt of any student to present the work of another as his or her own, or any work which s(he) has not honestly performed, or attempting to pass any examination by improper means is a serious offense and will subject the student to disciplinary action. The aiding and abetting of a student in any dishonesty is held to be an equally serious offense. All alleged acts of scholastic dishonesty will be reported to the Dean of Students for disposition. It is the Dean of Students' responsibility to investigate each allegation, or proceed with disciplinary action in a manner which provides the accused student his or her rights of due process.

### **Professional Conduct**

During this course you will be expected to deal with our subject area, your colleagues, and yourself as a professional. Learning with offensive strategies rather than with defense and evasion should be your approach to this class. Demonstrate pride in your chosen profession through both your actions and your attitude. This includes being on time for class and coming to class prepared. **Attendance is mandatory. Contact the instructor if you are going to miss class. (200 points)**

Note: The Kinesiology Program seeks to provide reasonable accommodations for all qualified individuals with disabilities with respect to equal educational opportunities. It is the student's responsibility to present proper documentation to the faculty member in a timely manner in order to arrange for appropriate accommodations.
